I, Donna Staib  
(Full Name)

Search and Review Officer  
(Occupation)

DO HEREBY CERTIFY that to the best of my knowledge and belief:

1. I have been employed by the Queensland Ambulance Service (QAS) for 9 years and currently stationed at the Brisbane Op Cen Management Office in the Communications Centre Level 1, CNR Kedron and Kedron Park Road, Kedron. I am currently in the position of Search and Review Officer. My duties entail retrieving information in relation to operational issues for QAS and external agencies. This includes downloading data files from the QAS database and corresponding Triple Zero (000) calls and radio data from the NICE and Maxitrac voice loggers.
2. During the period from 12am to 12pm on 22 September 2013, the QAS did regularly use the NICE Perform Voice Logger System to store and process information for the purpose of Search and Review. This system records all 000 calls, internal calls and radio traffic between the Queensland Ambulance Communication Centre and the Ambulance units.
3. During the said period the NICE Perform system was operating properly.
4. The CD-ROM attached hereto was produced by me from information produced and stored in the said computer during the said period.
5. The said CD-ROM was produced by copying the audio from the NICE voice logger database and data files from QAS database's directly to a search & review data base then onto the CD-ROM.
6. The data contained on the CD-ROM reproduces information supplied to the computer in the ordinary course of the ambulance activity.
7. This information was written to CD-ROM by me at the request of Detective Senior Constable Linda Reeves 18606 Fortitude Valley Criminal Investigation Branch.
8. The Queensland Ambulance Services reference number relating to this case is RFI 9516.
