Dear Father Stanaway,

Reports of your health and general condition have lead me to believe that you require special medical attention which you cannot very well get in Nudgee.

It has therefore been arranged that you go to Mt.Olivet for a while where you will have special care and attention. The Sisters there will be prepared to take you on Monday next, and I trust it will be possible for you to arrange to transfer there on that date.

With every best wish,

I remain,

Yours sincerely in Christ,

Archbishop of Brisbane.

27th February, 1959.

My dear Mother Liam,

For some considerable time Rev. Father Stanaway has not been in the best of health. He is much better now and could undertake light work.

In the present scarcity of priests I am anxious to make use of Father Stanaway where he could do light work without the inconvenience of having to drive a car or travel through a parish.

It has occurred to me that if he could be placed at St. Vincent's for a while he could do everything required there and leave the priest who generally goes to the Orphanage available for other work. I am asking you to give this plan a trial, and I am sure that you will find Father Stanaway most co-operative in anything for the good of the children.

Father Stanaway could go into residence at St. Vincent's immediately and that would be a great relief to himself and a great help to us in the present scarcity of priests.

Hoping this will meet with your consent and co-operation,

I remain, dear Mother Liam,
Yours sincerely in Christ,

Archbishop of Brisbane.
